

XF-VM3-1X-CL

Specification

- | | | | |
|---------------------------------|---|-----------------------------------|-------|
| 1. Imaging magnification | 1X | 200mm focal length | |
| 2. Size of Image field | 4/3' | Diameter: 22.5mm | |
| 3. Imaging wavelength | 312nm | | |
| 4. Max Entrance pupil diameter | Visible light | | |
| 5. Illumination wavelength | Visible light | | |
| 6. Illumination lens mount type | 8mm point light source | | |
| 7. Objective lens mount type | Supports objective lens converters with an equivalent thickness of 45mm or less | (Need to customize the interface) | |
| 8. Customize magnification | 0.96X | 0.7X | 0.63X |
